

Capabilities Overview

"We can't thank JK Moving enough for all the work you have provided for LCG and our multi-phase move. You ensured the expertise and required labor for our clean out of the Rockville office and the Rosslyn move, assistance in hanging our signage and pictures, and the final decommission of the closed office in Rosslyn.

Knowing that the project is completed, and we can have confidence in our final walk through is such a relief. As the on-sight contact, Rafael provided the utmost professionalism with his team to ensure stellar customer service with each phase. The process was very meticulous and organized.

I also enjoyed the small talk banter with the JK Moving team and how they also shared how much they enjoyed working for such a great organization. The last-minute donation of items to LCPS was also a nice ending". – Menefee Bagnol, LCG, Inc.

Our Expertise — Your Success

A Commitment to Innovation — A Passion for Mastery

At JK Moving Services, we're a leader in innovation, just like we have been for more than three decades. The road to excellence is not paved. It is formed from equal parts of caring, innovation and having a little moxie.

That's one reason why we've become the largest independently owned moving and storage company in the U.S. We are our own competition, working every day to do it better than before and continually move the bar higher.

We want to master the art of moving. Why? **We do this because we want to create an entirely new feeling when you move - Joy.** We're committed to earning our reputation and proving our value on every job—including your next move. That's why:

- We invest in our people - we invest in 1,000s of hours of training a year
- Our Quality Control Manager conducts routine crew skills assessments and exercises
- We encourage our employees to be innovators (equipment, processes, solutions)
- We invest in new technology (both safety and IT related)

The difference between excellence and mastery is all the difference in the world. Every innovation, every feeling, every new referral is a product of mastery. *While mastery is not the road for every mover, for us it's a daily commute.* What can we do for you?

Let us make your next move.

A Commercial Moving Partner You Can Count On.

When you're looking for a company to relocate your business, there's a lot on the line. You're not just worried about damage to your furniture. You're concerned about avoiding downtime and getting your company *back to business* as quickly and efficiently as possible.

Value is one priority. So are safety, reliability, performance and reputation. You're looking for a partner who can handle your moving and storage needs today, and be there when you need them tomorrow.

At JK Moving we've grown to be the largest privately-owned interstate moving company in America by putting the needs of our customers first. We start every job by learning what's important to you. Then we deliver, with a commitment to on-time, every-time excellence and a reputation for innovation that leads the industry.

Contact JK Moving for your next commercial move, and let us prepare a detailed proposal and estimate that starts with one simple question from us to you.

How can we be of service to you?

what matters most[®]

Who We Are

We are a premier, full-service office relocation specialist known for developing customized move strategies for a seamless transition to your new space. Our experienced team can assist with planning every aspect of your move—from timing and scheduling to packing and delivery. We work to minimize disruptions to your operations, reducing downtime by analyzing each move location and considering your unique requirements to formulate the best and most secure way of safely and efficiently relocating your facility.

With more than three decades of experience, we are the recognized experts at moving everything from office equipment, furniture, labs, computers, file rooms and servers ... all the way to pianos, artwork and antiques. What can we do for you?

What we can do for you?

Through the years, JK Moving & Storage has grown and expanded our suite of services to meet the needs of the region's, and the nation's, most demanding businesses. Today, our offerings include:

- Professional moving services
- Executive relocation internationally
- Workspace solutions
- Storage in our own secure facilities
- Laboratory moving services
- Computer moving and related technical services
- Hospitality / Furniture, Fixtures and Equipment (FF&E)
- Paper and digital archiving
- Secure shredding and environmentally responsible disposal
- Furniture restoration and repair

The JK Difference

All moving and storage companies are not the same. There is a reason JK has grown while others have failed, and remained profitable while others have struggled. It starts with a philosophy of doing things the right way, with no excuses and no shortcuts.

That's why:

- We hire and train full-time moving professionals certified through the International Office Moving Institute[®] (IOMI)—with no “untrained day laborers” like our competitors use.
- We continually reinvest in our employees, equipment and facilities. No other mover invests in training at the level JK does!
- We apply the latest equipment innovations and creative logistics solutions to minimize disruption to your daily operations. *We innovate while others imitate.*
- We offer customized solutions to your relocation challenges, with the belief that if we can't do it, no one can.

"I just wanted to take a moment to tell you how extremely pleased we were with JK's services. The crews that were onsite were absolutely amazing.

Not only did they all work extremely hard, but their customer service was nothing short of top tier, especially the supervisors/project managers.

We had a lot of stuff and many requests and everything was handled so efficiently and professionally.

I told our Executive team when I recommended going with JK over one of your competitor's, that even though your quote was a little higher I felt like you were willing to do more for us in terms of customer service. I completely undersold that.

NCSI would certainly use JK's services again in the event of any future moves and would highly recommend your services to others."
— Jeremy D, NCSI

when moving is a science

Laboratory Relocations

At JK Moving, we're proud to be the leading moving partner for the National Institutes of Health (NIH). We offer specialized moving equipment and developed our own proprietary tools and methods. Because if it's valuable to you, it's valuable to us.

We offer complete lab relocation services. We provide specialized expertise in disassembling, moving, setting up labs, and moving work in progress with the utmost care to minimize downtime and disruptions, with:

- Pre-Move Laboratory Preparation (inventory, labeling, room planning, benchtop setups)
- Proprietary, anti-static two-ply bubble wrap
- Custom lab equipment packing and supplies by specialized, highly-trained teams
- Secure glassware packing
- Refrigerated/frozen work samples packing
- Air-Ride equipped and climate-controlled trucks
- Post-move laboratory services (unpack, reassemble, install)
- Chemical and clean room relocations

IT Technical Services

Your organization depends on your IT and data systems - failure is not an option. Our highly trained technical crews are A+ certified, and have learned exactly how to safely and efficiently pack, load and move high value electronics, servers and data rooms. Freeing up your IT staff to focus on getting everyone connected at your new space.

Our unique Comp-U-Wrap® system allows each computer component to be wrapped with layers of protective anti-static bubble bags. This reusable resource protects your server and IT equipment from the five dangers of electronics: dust, dirt, physical impact, moisture, and static shock. *That means greater confidence and less downtime, which reduces risk and saves you money.*

No wonder we're the leading choice for technical, innovation and intellectual property companies when it comes to:

- PC disconnect/transport/reconnect
- Server relocations
- Data center relocations
- New deployments
- Secure equipment disposal (e-Cycling)

Data Center Relocations

In a complicated world wouldn't it be nice to find a reliable partner who can provide a full range of technical services? A partner that has a professionally trained staff, modern equipment and a reputation for quality service? A partner that has your back, can meet your needs, while exceeding your expectations? -- JK Technical Services.

Our technical specialists have helped 1,000s of businesses achieve relocation success - safely and securely. Don't just take our word for it - let us prove it to you.

We offer:

- Relocation | Migration | Consolidation
- Receive, store and deliver
- Local and long distance relocations
- Decommissioning & e-Cycle
- New technology deployments
- Clean room equipment
- Dedicated government cleared crews

“After our experience last night with JK Moving – my assumption is that you get these types of emails often.

I wanted to thank you, your team and the team that was here last night for all your/their hard work and for being so incredibly thorough. This really was one of the easiest moves I’ve ever been through and I can assure you it has everything to do with you all.” - Ingrid T., mdc agency

putting it all together

Furniture Restoration

To help keep a positive first impression, JK Moving Services offers a comprehensive suite of furniture restoration services. We'll restore onsite or pick up your furniture, fully restore it, and deliver it back to you looking better than new ... and ready for years more service.

JK can restore your office furniture before/after your move, or any time. You'll maximize your investment and give your office a professional polish that will impress your clients and make your employees smile and feel valued.

If you think of JK as just a moving company, you've only scratched the surface. At JK, we're not only the company you move with: we're the company you stay with—with services that include:

- Expert wood and veneer repairs
- Permanent scratch, gouge, and scuff removal
- High-gloss buffing and polishing
- Leather cleaning
- Fast and easy pickup and delivery by our vetted employees, with no subcontractors .
- On-site services in your facility available for some repairs
- Workstation panel cleaning
- Color-match paint and varnish touch-ups
- Precision furniture repairs and restoration performed in our own shop, by our expert team.

Facility and Hospitality Management Solutions

Many companies promise turnkey furniture, fixtures and equipment (FF&E) solutions, then outsource to contractors once they get the job. But at JK Moving, we offer truly integrated vertical solutions using our own trucks, our own storage facilities, and our own team of highly-trained experts for flexible, reliable, scalable capacity and performance.

We've re-engineered the FF&E process from the ground up. With an efficient inventory management system, orderly and accurate inspection and claims process, vast warehouse capacity and flexible storage solutions. We are your delivery and installation partner who can handle a suite, a floor or a whole building.

We offer advanced logistics, storage, delivery and installation services - from a single turnkey provider - that no company in the DC metro region can match.

Our name is JK Moving. But we're so much more. When you have your own trucks, warehouses and best crews, you can rely on us to deliver satisfaction, on-time, on-budget to meet the highest standards in the industry.

We provide a single reliable FF&E and OS&E partnership you can count on including:

- **Asset and Warehouse Management Services**
Real-time online inventory
Owned highly secure and flexible warehouse facilities
- **Logistics and Transport**
Last mile delivery
Receiving and inspection
Hotel and Hospitality
Healthcare
FF&E and OS&E
- **High Quality Installation Services**
Specially trained, full time installation experts
Full mock up rooms
Artwork and mirrors

Hundreds of companies offer storage. They're happy to rent you space (whether they own it or not) for as long as you need it, and send you a bill each month.

But at JK Moving, we take storage, archiving and disposal to the next level. We work with our clients to achieve efficient solutions that minimize cost and maximize security and access.

secure storage partner

Storage

When you select JK Moving your property will never leave our property until you give the order. We operate five separate government rated, controlled access facilities throughout the Washington area offering over 500,000 square feet of space throughout the DC Metro area.

Our warehouses also contain specialty asset and inventory management solutions, such as climate-controlled vaults and secured fire-proof media vaults to meet your special requirement for additional security. In addition, each facility is monitored 24/7/365 by an approved third-party security provider. You can feel secure, because JK is secure!

Turn to JK for:

- Inventory and fulfillment services
- Record, document and media storage
- Media vault storage
- Secure storage of artwork, antiques, furniture, computers

Archiving

Our digital imaging center can quickly and reliably convert paper documents to digital files, enabling secure, unlimited access to your most critical business information. Our service allows you to convert records as needed to build a digital library efficiently, securely discarding paper files that can be discarded. Select JK for:

- Document management
- Imaging services
- Secure digital archiving

Our records center facilitates extra storage for you without using your valuable office space and receive a barcoded document inventory. Once your records are in our care, we facilitate:

- 24/7 access on demand (including weekends and holidays)
- Secure online records request (you can call or email us too)
- We'll scan and send a file within an hour or
- Deliver hard-copy files within two hours

Shredding

Don't trust your document shredding and disposal to just anyone, or turn over sensitive paperwork to a stranger on a truck.

Each day, your employees are placing sensitive company paperwork—from payroll, to customer and client data, to personnel records, to bank statements and intellectual property — in bins that are unlocked, unsecure and exposed to prying eyes. This puts your company at risk. You need a trusted disposal and shredding partner you can count on.

At JK, we provide:

- e-Cycle services
- Shred bins and executive consoles
- Secure document destruction with a certificate of disposal

With so much at stake, it makes sense to use a document destruction and management partner you can trust. We offer recycling bins and locking executive consoles to collect documents for destruction on a weekly, monthly, or as needed basis.

global relocation

Local Touch, Global Reach®

Our name is JK Moving, but our specialty is national and international moving logistics. The fact is, there is no single company that has trucks, teams and storage facilities in every major country on earth.

The key is having one trusted partner that handles every aspect of your move, and does it right. That's why you should know that JK is one of the few exclusive movers that is a part of a global partnership of professional international relocation companies covering every country, every continent.

Whether you're going across town, or around the world, JK is the **ONE** company you need to call.

Turn to JK for:

- Workplace Relocation
- Installation Services
- Logistics and Transport
- Certified Technical Teams

Workplace Solutions Provider

JK is a proud member of the Office Moving Alliance (OMA). OMA is an international network of commercial moving, storage, and office furniture installation specialists — servicing many of the largest companies in the world with 45 members in over 228 cities in 15 countries.

This network of companies have committed to continual process improvement. Companies that think ahead, that expand their horizons and challenge themselves to offer unique services to keep your business in front of the competition.

Our network offers you:

- Single Point of Contact | No Middle Man
- Global Service Capabilities
- Project Management Services
- Dedicated Service Team | Experience and Expertise
- Liquidation and Decommissioning Services
- Shipping or Transfer to Storage
- First and Last Mile Delivery

Did You Know? OMA Members Combined Have:

- \$900,000,000+ Annual Revenue
- 11,000,000 Sq. ft. of Warehouse Capacity
- 7,200+ Employees
- 3,000+ Trucks
- 2,700+ Years in Business
- 325+ Veteran Project Managers
- 400,000+ Services performed annually to Commercial, Government, Healthcare and Industrial Clients
